

# Cannizaro Park Oak Trees

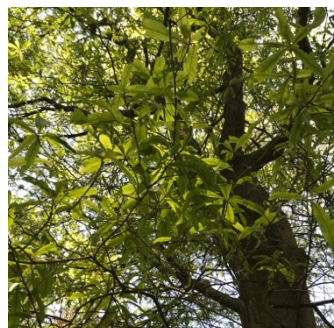

For more information on trees in the Park, please visit our website at [www.cannizaropark.com](http://www.cannizaropark.com) and go to the 'Tree Collection' page.

## OAK TREES IN CANNIZARO PARK

Cannizaro Park has a fine collection of oak tree species, which have varied leaf types. They can be deciduous, evergreen or semi-evergreen and come in many different shapes and sizes.

Here is a selection for you to discover as you walk around the park:

<b>1 CHESTNUT-LEAVED OAK</b> <i>(Quercus castaneifolia v. 'Greenspire')</i> Deciduous Leaves look like those of a sweet chestnut	 	<b>2 SCARLET OAK</b> <i>(Quercus coccinea)</i> Deciduous Leaves with deep, whisker-toothed lobes, intense red in autumn	 
<b>3 TURNER'S OAK</b> <i>(Quercus x turneri 'Pseudoturneri')</i> Semi-evergreen Leaves with forward-pointing rounded lobes	 	<b>4 HUNGARIAN OAK</b> <i>(Quercus frainetto)</i> Deciduous Large leaves to 25 cm, elaborately cut into, with narrow, rounded lobes	 
<b>5 DAIMYO OAK</b> <i>(Quercus dentata)</i> Deciduous Very large leaves 25-40 cm and thick as parchment	 	<b>6 CALIFORNIAN LIVE OAK</b> <i>(Quercus agrifolia)</i> Semi-evergreen Glossy leaves	 
<b>7 LUCOMBE OAK</b> <i>(Quercus x hispanica 'Lucombeana')</i> Semi-evergreen Glossy leaves	 	<b>8 ENGLISH OAK</b> <i>(Quercus robur)</i> Deciduous This tree is included on the Woodland Trust Ancient Tree Inventory	 
<b>9 RED OAK</b> <i>(Quercus rubra)</i> Deciduous Large leaves with shallow lobes having 2 or more whiskered teeth		<b>10 WILLOW OAK</b> <i>(Quercus phellos)</i> Deciduous Willow-like leaves	
<b>11 HOLM OAK</b> <i>(Quercus ilex)</i> Evergreen Leaves untoothed, light green when new in spring, but then darkening	 	<b>12 CORK OAK</b> <i>(Quercus suber)</i> Evergreen Leaves have small, often spiny lobes
